SMALL IS BEAUTIFULL

During the first confinement, Françoise Livinec had the idea of "rethinking our world on the scale of our room". She felt it was time to stop the overbidding of gigantism that pushes artists to create XXL works that are consequently very expensive. The gallery owner has therefore commissioned her "colts" to create works in sizes smaller than 1 × 1 m, offered at less than €1,000. They responded enthusiastically, aware that they could reach a new audience. This could be the opportunity to buy an original drawing by Marjane Satrapi or a work by Bang Hai Ja, Colette Deblé or Jang Kwang Bum.
