## Press Release

**« Ailleurs est ici » brings together works by artists from Korea, the United States, Italy, Argentina, China, Iran and Switzerland...**

**After excellent careers in their countries of origin, it is in France that these artists have succeeded in expressing the depth of their singularities through works that are part of the history of art, beyond the technical constraints they impose on themselves.**

**Throughout their lives as artists, they have all obsessively developed their own vocabulary. Each work is a journey, between their singularity and universality.**
