Press Release

The Françoise Livinec Gallery is pleased to announce *Réminiscences*, an exhibition by Elga Heinzen. Former artist of Iris Clert, her works with biomorphic accents are an intimate dive into a unique world.

"Elga Heinzen has been drawing and painting since she was a child, as naturally as we breathe. Drawing and painting are an integral part of her daily life. She masters today a perfect technique to which are combined originality and an innate sense of color. Her creation gravitates around her fantasies: reminiscences, denouements, folds, appearances are only the progression of a same step. The appearances of Elga Heinzen are deceptive. Do not be fooled by them! In reality, they are portraits".
